

***DevOps Engineer– Reston, VA or Cambridge, MA***

**FrontStream** is seeking an energetic and hardworking **DevOps Engineer** to join our team in **Reston, VA**. If you are passionate about helping others and want to work at a growing company whose mission is to create and provide the software tools for Non-Profits to succeed, FrontStream may be the place for you!

***Company Overview:***

FrontStream supports over 10,000 charities and corporate customers across the globe. FrontStream is revolutionizing fundraising through its all-in-one platform, Panorama. We are the trusted provider of online fundraising and auctions, event management, donor management, and workplace giving to our international customer base. We have been serving the nonprofit sector for more than a decade, and we love what we do!

***Position Overview:***

This position will be a part of a motivated team managing cloud infrastructure development. The ideal candidate will have a passion for building first-class infrastructure and will help our growing IT services organization in developing new and innovative web-based applications for corporate charitable giving. He or she will learn n-tier architecture and work with high volume applications handling BILLIONS of dollars annually.

**Major Responsibilities include but are not limited to:**

- Review the overall system and platform and develop recommendations for improvements
- Implement continuous integration/deployment concepts on all products
- Participate with product planning to select cloud solutions optimal for the platform
- Increase quality in the products by facilitating automated testing and deployment features
- Collaborate with development, IT and other departments to ensure the systems are running optimally
- Serve as a technical resource for others on their team or to partners within other business units.

**Requirements:**

- 2+ years of experience
- AWS Certified DevOps Engineer is a plus
- Experience with AWS/Azure
- Experience with Infrastructure automation tools such as Terraform
- Experience with SQL Server and other DB technologies
- Broad understanding of tools such as Source Control, Continuous Integration, Deployment Automation and Container Concepts
- Security and Network Awareness
- Flexible with excellent communication skills and the ability to collaborate with other teammates

***Why Work at FrontStream?***

- Fun work environment with a collaborative atmosphere, as well as opportunities for training and growth
- Health, Dental, and Vision Insurance options, as well as company paid short-term, long-term and life insurance
- Retirement savings program with company match
- Time off program, plus 10 paid company holidays!

FrontStream is an equal opportunity employer. The successful applicant will have proven eligibility to work in the United States of America.

The company is headquartered in Reston, VA with offices in Cambridge, MA, Lancaster, PA, Toronto, ON and West Melbourne, VIC, Australia.
